The Government of the Democratic Socialist Republic of Sri Lanka (GOSL) has received financing from the Asian Infrastructure Investment Bank (AIIB) toward the cost of the Reduction of Landslide Vulnerability by Mitigation Measures Project (RLVMMP), and intends to apply part of the proceeds for the recruitment of an Individual Consultant's services. On behalf of GOSL, the Ministry of Defence (MoD), the Executing Agency (EA) has established a separate Project Management Unit (PMU) to manage the RLVMMMP on behalf of the Ministry of Defence. The Project consists of 203 identified landslide/landslide-vulnerable sites, which are mitigated in two phases. Phase I of the project includes 24 sites, and Phase II includes 179 sites. Given the critical nature of the balance of the construction works and to attend to comprehensive ESHS aspects of construction supervision, and Project Monitoring and Evaluation, it is decided to enhance the capacity of the PMU by recruiting the identified Individual Consultants. The Chairman, Project Consultancy Procurement Committee(CPCP) on behalf of the MoD, now invites qualified Individual Consultants to submit their Expression of Interest in providing expert services for specialized subject areas by submitting their expressions of interest along with a detailed resume and a covering letter indicating the justification to undertake the activities related to the subject area specified under each consultancy position mentioned below.
